## RELEVANT EXPERIENCE

**Scale AI, Remote.**

Nov 2023 – April 2024

Team Lead

- Scale AI uses Remotasks to train AI models. Taskers are prompt engineers, senior software engineers, AI trainers, and subject matter experts. I help them with onboarding, training, and assist in training and fine-tuning various LLMs.
- Developing and implementing programs and communication strategies aimed at enhancing the performance of AI trainers.
- Equip taskers with the knowledge, skills, and resources required to succeed on our platform.
- Training and assisting AI trainers to do high-quality tasks on the platform.
- Reviewing and auditing the tasker's performance.
- Ensuring the taskers have a positive experience after activation and implementing targeted tactics to optimize their productivity. while also providing strategic guidance to ensure the retention of valuable taskers.

**ACG Pam Pharma**, in Mumbai, India.

Jan 2023 – June 2023

Production engineering Intern

- Conducted comprehensive analysis of the company's losses by identifying trends and analyzing **the Cost of Poor Quality (CoPQ)**.
- Utilized data-driven approaches to identify areas for improvement and increase production efficiency.
- Implemented new production line layout, resulting in a **20%** improvement in production efficiency.
- Implemented new testing procedures, leading to a **15%** reduction in defects.
- Collaborated with Product Manager and stakeholders to meet production timelines.

**Authentica Immersions**, in Mumbai, India.

July- August 2021

Marketing Intern

- Responsible for marketing, training, public relations, and retention programs, developed subscriber acquisition campaigns, and coordinated efforts around corporate marketing programs.
- Provided strategic review for senior executives, and developed the supporting strategies to achieve subscriber goals.
- Oversaw sales efforts with Tech and Project management Team.

## UNIVERSITY LEADERSHIP

DJSCE'S ISME, Public Relations Head

May 2022- Dec 2023

- As their work progresses from decision-making to event management, ISME student chapter members are exposed to management level working systems. (Leading a team, making decisions, and coordinating with the group.)
- The following activities were included: guiding, brainstorming, choosing the theme of the events, drawing out the plan precisely, marketing, public relations, event administration, and public speaking.
